

Crown Density Conditioner

Moisturize. Rich. Smooth.

Treat your hair to a natural blend of emollients that will leave your hair looking as good as it feels. Derived from sugarcane, **Neossance™ Hemisqualane*** is an essential emollient that will enhance hair manageability while increasing its shine.

Meadowfoam Seed Oil XPR will help provide nice slip, while also serving as an antioxidant. This formula is held together by **Caprol® MPGO**, a 100% natural and vegetable-based emulsifier. The **CustoPoly 96** will help to keep your hair looking it's best by reducing frizziness and leaving it silky and smooth.

Highlight Ingredients

- ▶ Meadowfoam Seed Oil XPR
(Natural Plant Products)
- ▶ CAPROL® MPGO
(ABITEC)
- ▶ Neossance™ Hemisqualane
(Givaudan)
- ▶ CustoPoly 96
